

Michigan Behavior Analysis Providers (MiBAP)

Membership Information

MiBAP is a newly formed non-profit membership organization of providers whose mission is to promote access to the science of applied behavior analysis (ABA) through advocacy, education, and quality practices.

MiBAP achieves this mission by actively:

- *Promoting access* to ABA services by supporting a robust and high-quality provider network throughout the State of Michigan;
- *Advocating* for the use of ABA services in environments where behavioral interventions can improve an individual or organization’s well-being and/or performance, to include the treatment of autism, traumatic brain injury, intellectual and developmental disabilities;
- *Educating* the public, including parents, stakeholders, medical professionals, school staff, and State and local legislators on the science of ABA and the benefits and cost savings achievable through effective interventions;
- *Promoting quality practices* in the delivery of ABA services, to include the establishment of specific quality standards and evidence-based measures of success.
