

MiBAP Michigan Behavior Analysis Provider

The Michigan Behavior Analysis Provider Association (MiBAP) brings together providers, practitioners, and advocates from across the state who share a commitment to advancing high-quality Applied Behavior Analysis (ABA) services in Michigan.

When you join MiBAP, you're not just joining an association, you're adding your voice to a statewide community working to strengthen the future of ABA.

Whether your organization wants to stay ahead of policy changes, strengthen its professional network, access valuable resources, or have a greater voice on issues affecting ABA services, MiBAP membership keeps you connected to the people and information that matter.

Your MiBAP membership gives you access to:

- **Timely advocacy and policy updates** on Michigan licensing, regulations, legislation, service rates, and other issues affecting ABA providers.
- **A stronger voice in Lansing** through MiBAP's legislative advocacy, lobbying efforts, and engagement with policymakers.
- **Education and professional development**, including ABA-focused programs and opportunities to earn CEUs.
- **Michigan-specific data and insights**, including provider survey results and outcome-based success metrics that help demonstrate the impact of ABA services.
- **Peer connections and best-practice sharing** with ABA organizations and professionals from across Michigan.
- **Access to influential leaders**, including invitations to member-only events and opportunities to engage with Michigan policymakers and other key stakeholders.
- **MiBAP member recognition**, including use of the MiBAP logo and membership credentials on your organization's website and marketing materials.

And membership goes beyond one individual. MiBAP benefits and resources are available to all employees of a member organization, expanding the value of membership across your entire team.
